To Whom It May Concern:

This law firm represents the Natural Bridge Volunteer Ambulance, Inc., an applicant for an expansion of its Ambulance Service Certificate (a/k/a Certificate of Need) for the Towns of Diana and Pitcairn which used to be served by a now defunct ambulance corps.

AFTER READING THIS LETTER, WE ARE ASKING THAT YOU SEND A LETTER OF SUPPORT (OR OPPOSITION) REGARDING THE APPLICATION, TO:

Pinsky Law Group, PLLC
Re: Natural Bridge Volunteer Ambulance, Inc.
4311 East Genesee Street
Syracuse, New York 13214

PLEASE SEND THIS LETTER NO LATER THAN SEPTEMBER 2, 2025

If you could explain that there is (or is not) need for these services, it would be helpful as well. We will then present that letter with our application.

This letter contains a significant amount of information that is being provided to the Regional Council, to the public and to you as an interested provider, interested party or municipality in or serving in the Town of Diana (Lewis County), and the Town of Pitcairn (St. Lawrence County). As you may know, the ambulance corps serving these territories has ceased providing services as of mid-2024.

Although this letter contains well more information than Natural Bridge Volunteer Ambulance, Inc. is required to provide, we believe that we should provide you as much information as possible.

We thank you for your attention to this most important application.

VERY TRULY YOURS,

PINSKY LAW GROUP, PLLC

Bradley M. Pinsky

DETAILED NARRATIVE

Natural Bridge Volunteer Ambulance, Inc. desires to provide Basic Life Support transporting ambulance services for the Town of Diana (Lewis County), and the Town of Pitcairn (St. Lawrence County) (the “Expansion Territory”). The Public Health Law requires that Natural Bridge Volunteer Ambulance, Inc. apply to expand its operating authority as we are responding frequently to this location. Therefore, we are requesting letters from stakeholders as part of our application. Unfortunately, the local ambulance in that territory ceased providing services in mid-2024 and we are caused to respond to that territory frequently. Therefore, the law requires that we hold an Ambulance Service Certificate which includes this territory.

Presently, the Ambulance Service Certificate for the Natural Bridge Ambulance includes the following territory:

The Village of Carthage and the Natural Bridge Fire District.

Natural Bridge operates one (1) ambulance. We have thirty-five (35) volunteers. Among them eight (8) EMT-Basics. We respond annually to 180-200 BLS calls each year in the Expansion Territory. We have an average respond time of 15 minutes and an average response rate of ninety-four (94%) percent.

We look to add the following territory: Town of Diana (Lewis County), and the Town of Pitcairn (St. Lawrence County)

The goal of this application is for Natural Bridge Volunteer Ambulance, Inc. to be authorized to continue to provide a reliable emergency transporting ambulance service to the Expansion Territory. Our application will support but will not negatively affect any other ambulance service in the area as no other services which hold a Certificate for this territory respond frequently to the area. As will be demonstrated below, Natural

Bridge Volunteer Ambulance has been actively responding to and transporting the Expansion Territory's patients and can demonstrate need for such services.

Public Need

Natural Bridge Volunteer Ambulance is required to provide the definition of need and to demonstrate that need exists for Natural Bridge Volunteer Ambulance's ambulance services in the Expansion Territory. The State EMS Council and the Department of Health defined public need as follows:

"The Demonstrated absence, reduced availability or an inadequate level of care in ambulance or emergency medical service availability to a geographical area which is not readily correctable through the reallocation or improvement of existing resources." Variables in considering "public need" include: geography, population (size, density, projections), level of care (existing, available), quality, reliability and response patterns of existing services, type of service (emergency, non-emergency), special needs, service effectiveness, cost and operation, and other local factors.

This letter is intended to address these issues.

LACK OF AVAILABLE AMBULANCES CREATES NEED

The primary role of any emergency ambulance service is to serve the emergency medical needs of the public. Unfortunately, St. Lawrence and Lewis County's, if not the entire state, are in short supply of emergency ambulance services.

Need exists

The following reflects the number of transports from the Expansion Territory.

2025 (January – July 30)

YEAR	Total Basic Life Support Transports
2025 to date	150
2024	160

Present and Proposed Territory

Natural Bridge Volunteer Ambulance's proposed territory is described as follows: "The entirety of the Town of Diana (Lewis County), and the Town of Pitcairn (St. Lawrence County)". The Present Territory is the Village of Carthage and the Natural Bridge Fire District.

I. Impact upon existing ambulance and or emergency medical services in the proposed area

Positive impact on the community

Natural Bridge Volunteer Ambulance's ambulance service will have a positive impact throughout Jefferson County by providing a reliable ambulance service for the Expansion Territory in a reasonable amount of time considering the vast area covered.

Present providers

There are no other transporting (emergency) ambulance providers that hold an Ambulance Service Certificate for the Expansion Territory and who are actively serving the Expansion Territory:

However, some ambulance services have county-wide certificates which would include the Village/Hamlet, being:

Lewis County Search and Rescue (Lewis County)

Gouverneur Rescue (St. Lawrence County)

No negative impact on other providers

There will be no negative impact on any other providers which hold operating authority in all or some of the Expansion Territory. Natural Bridge Volunteer Ambulance is not looking to displace any of the private services, fire departments or volunteer ambulance services which serve this territory. To our knowledge, this territory is currently lacking in a designated ambulance service provider who is located in close proximity to the Village/Hamlet. It is hard to imagine that any other ambulance service will lose income, members, or employees from Natural Bridge Volunteer Ambulance's provision of 911 ambulance services. No other ambulance service will be negatively impacted.

Response Time

Natural Bridge Volunteer Ambulance has an average respond time of fifteen (15) minutes to calls in the Expansion Territory.

Staffing/Contracting

Natural Bridge Volunteer Ambulance will staff a total of one (1) ambulance available to respond to the Expansion Territory with at least one basic EMT and a driver on each.

Call volume for past 12 months and anticipated for next 12 months

We will operate 24/7. We project that we will transport on average, 180-200 patients per year in the Expansion Territory. This is based upon our present statistics for 2024 and 2025.

Mutual Aid

We will participate in the mutual aid system for Jefferson County.

Quality Assurance

We maintain our own Quality Assurance Program. All calls that meet mandatory reporting to the Regional EMS Council will be sent in a timely fashion. All calls requiring review by the Medical Director are also done at the earliest possible time.

Protocols

Natural Bridge Volunteer Ambulance adopts and adheres to all state and regional basic life support protocols. Natural Bridge Volunteer Ambulance maintains all required policies by the Department of Health, Bureau of Emergency Medical Services. Natural Bridge Volunteer Ambulance frequently reviews its best practices in an effort to continuously improve its already high quality of services.

Ability and quality of existing services

This application does not seek to displace any other service. Natural Bridge Volunteer Ambulance will fill a significant gap in ambulance services for the Expansion Territory, just as it has been doing since about May 2024.

No Financial Impact or any adverse impact on existing services

Natural Bridge Volunteer Ambulance will not stop any other service from operating in their primary operating territories for 911 calls and will not attempt to interfere with existing transport contracts being reliably served by any other ambulance service.

II. EMS System in the Area

These entities are listed above (Lewis County Search and Rescue/ Gouverneur Rescue)

The following hospital is affected:

- Samaritan Medical Center, Watertown, NY
- Carthage Area Hospital, Carthage, NY

Natural Bridge Volunteer Ambulance participates in the Natural Bridge Volunteer Ambulance Mutual Aid Plan.

Natural Bridge Volunteer Ambulance will participate in 911 response services and will provide mutual aid support services as requested.

Projected Response Times for the next 12 months

Response time is on average, less than fifteen (15) minutes to calls in the Expansion Territory.

Communication System Interface

Natural Bridge Volunteer Ambulance will utilize 911 services and will communicate with 911 on frequency 151.415 and has cell phone, pager and 911 radio capability. We will have the ability to speak with the hospital via phone and radio.

The positive and negative impact on the community

There will only be a positive impact on emergency medical services, the hospital and the community through the effective and efficient transport of patients within the Expansion Territory. There will be no negative impact on patient care, and no other ambulance service will be negatively impacted in the area. Without Natural Bridge Volunteer Ambulance providing services, response time for patient care and transports will suffer.

Economic improvements from Natural Bridge Volunteer Ambulance's operation in the proposed territory

The primary benefit will be the availability of an ambulance service in the Expansion Territory.

Appendix 1 – Guidelines for Establishing Ambulance Services

Population of jurisdiction requesting the ambulance service, including tourism and traffic flow.

- Town of Diana: 1709 (2010 Census)
- Town of Pitcairn: 864 (2020 Census)

Does each area have a large enough population base to support a new ambulance service?

Yes, the Expansion Territory has a significant patient population to justify the addition of an ambulance service.

How many calls for service and how many emergency calls are made in the proposed area?

Approximately 1 per day

Average response time for calls and emergency calls to Expansion Territory

Fifteen (15) minutes.

Quality of existing services and how to present conditions affect public convenience

In the absence of the Natural Bridge Volunteer Ambulance, existing services who actually hold an Ambulance Service Certificate would not be adequate for the purpose of serving the Expansion Territory with a prompt response time. The mere fact that we are presently transporting approximately 200 patients per year must establish need.

Mutual aid ambulance agreements exist

A mutual aid service is not a replacement for holding an Ambulance Service Certificate. Mutual aid can assist when one agency has a Certificate and then the other areas support infrequent need for services. Mutual aid will not be displaced and is already in place for such territory.

Would the employees of the proposed service have a sufficient level of clinical experience for maintaining emergency care?

Yes, all employees presently have adequate experience to perform these transport services.

Would opportunities exist for personnel to maintain their level of skill. If an additional ambulance service were added, would the dilution of service calls between the ambulance services cause decay in skills due to inactivity?

Providers of other services would not see a decrease in their skills as there are more than enough calls in other agency's territories. However, these calls are primarily basic life support calls which require less skill than the average 911 emergency, though certainly some skill.

Are the existing communications capabilities adequate for maintaining medical control and directing paramedics?

Yes. We have radio and phone communications as well as radio communication with 911 and other providers and hospitals.

How will the ambulance service be financed? Are the financial resources available to the proposed service sufficient for maintaining a full time service?

Funding is sufficient to support this increase in calls, as Natural Bridge Volunteer Ambulance is supported through our other calls to our primary territories. Of course, we have been responding to the territory without any funding issues for more than the past twelve (12) months. However, this additional call volume does assist in increasing our funding as we bill patients and their insurances for our services.

How will the ambulance service be organized and administered? Is management capable of performing its duties?

Natural Bridge Volunteer Ambulance is a not-for-profit corporation, which is managed by a Board of Directors and an internal administrative staff, with oversight from its Medical Director. The corporation has more than adequate experience operating a business as it has provided ambulance services for decades.

What will be the total cost of the new ambulance service? Are the benefits that the proposed area receive worth the expense?

There are no additional costs separate from our primary services to our present primary territories. There are no additional costs to the residents.

Does public opinion in the proposed area favor the establishment of Natural Bridge Volunteer Ambulance?

Public opinion presumably is favorable to us, as we have not received any negative comments to the services we have been providing. However, this is the point of this letter, being to receive comments and opinions.

Does local government planning agencies favor establishment of a new ambulance service.

The local governments appear to approve of Natural Bridge Volunteer Ambulance provision of ambulance services as their residents need these services. We hope that this letter will serve to encourage positive responses from the local government leaders in the form of support letters. All opposition and support will be shared with the regional council.

Are there any viable alternatives other than licensing a new ambulance service.

The present system is not working, as there is no current ambulance service whose territory includes the Expansion Territory.

Therefore, we believe this application supports need.

We therefore ask that you send a letter of support to our attention on behalf of our client, or feel free to submit a letter of concern.

TOWN OF CLAYTON

FINAL NOTICE AND PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN THE 100-YEAR FLOODPLAIN

To: All interested Agencies, Groups and Individuals.

This is to give notice that the Town of Clayton has conducted an evaluation as required by Executive Order 11988 and/or 11990, in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management, to determine the potential affect that its activity in the floodplain and wetland will have on the human environment for Depauville Wastewater Treatment Facility Disinfection Project under CDBG #240PR146-24. The proposed project(s) is located at 32333 Caroline Street in the Hamlet of Depauville, Town of Clayton, County of Jefferson.

The proposed project involves the addition of disinfection to the treatment process at the Depauville Wastewater Treatment Plant, as required by a recent modification to the facility's State Pollutant Discharge Elimination System (SPDES) permit. This infrastructure upgrade is intended to improve effluent quality and ensure compliance with state water quality regulations.

The project consists of site work and construction activities on approximately 1.7 acres within a larger 3-acre project site. The purpose of the project is to enhance public health and environmental protection by reducing pathogens discharged into receiving waters.

The proposed project site is located in the Hamlet of Depauville, Town of Clayton, Jefferson County, New York. While the project site itself lies outside of the 500-year floodplain, the broader project area is in proximity to the Chaumont River, which flows through the Hamlet. The river and adjacent land are classified as FEMA Zone A, indicating areas subject to a 100-year flood where base flood elevations and specific flood hazard factors have not been established.

Total acres of floodplains: 1.7 acres

The Town of Clayton has reevaluated the alternatives to building in the floodplain and has determined that it has no practicable alternative. Environmental files that document compliance with steps 3 through 6 of Executive Order 11988, are available for public inspection, review and copying upon request at the times and location delineated in the last paragraph of this notice for receipt of comments. This activity will have no significant impact on the environment for the following reasons:

The project will be implemented at the existing Wastewater Treatment Plant, which has long served as the designated site for wastewater treatment and is already developed and disturbed. The improvements are limited to upgrades necessary to comply with a modified State Pollutant Discharge Elimination System (SPDES) permit that includes a requirement for disinfection. No expansion into undeveloped areas is proposed.

Temporary impacts during construction, such as minor soil disturbance and noise, will be mitigated through standard best management practices. Long-term, the project will improve environmental outcomes by reducing pathogen levels in treated effluent, thereby protecting public health and water quality. Flood-resilient design elements, including elevating infrastructure and improving stormwater management, will reduce vulnerability to future flood events without significantly altering floodplain function. No critical wildlife habitat, wetlands, or historic resources will be adversely affected.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information about floodplains can facilitate and enhance Federal efforts to reduce the risks associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk.

Written comments must be received by the Town of Clayton at the following address on or before August 25, 2025 during normal business hours:

INVITATION:

Bids are invited for the sale and delivery of No. 2 Fuel Oil and Propane to the Town of Clayton for the period October 1, 2025 – September 30, 2026. Sealed bids should be forwarded as indicated in NOTICE TO BIDDERS.

CONDITIONS:

1. No. 2 Fuel Oil and Propane supplied under the terms of the bid award contract shall be of a quality designed to burn properly in the burners now installed at the various locations. It shall be sufficiently free of dirt or sediment to ensure freedom from clogging of lines, burners and burner nozzles, and shall contain no chemicals liable to corrode metal parts.
2. Pursuant to Section 100 of the New York State General Municipal Law, the Town is authorizing any political subdivision, fire company or district located in whole or in part within the Town of Clayton to participate in contracts entered into by the Town for the purchase of fuel oil and propane. These purchases would be made directly by the towns, villages or fire districts, from the winning bidder.
3. The successful bidder must have a source of supply directly from a reputable oil refinery and shall indicate said source on the Official Bid form.
4. It is to be understood by the bidder that all quantities may be either increased or decreased at the discretion of the Town according to need.
5. The successful bidder shall be responsible for all damage caused by over-filling the tanks, delivery to the wrong buildings, or any other damage caused by the bidder's equipment.
6. The successful bidder shall provide good and sufficient proof acceptable in form to the Town Supervisor's office of insurance in the amount of one million per occurrence / three million aggregate with the Town of Clayton as a named insured.
7. There is one official bid forms attached which allows for bidding a fixed price for the entire contract period or for bidding a variable price. Bidders may submit a fixed price, a variable price, or both.
8. The variable bid price for #2 Fuel Oil specified shall be the net cost per gallon to the Town, including delivery into the Town's storage tanks, and shall be based on the Journal of Commerce Albany Reseller Tank Car Low Price posted on ***Tuesday, September 2, 2025***. The bid price shall be subject to increase or decrease during the contract period corresponding with the changes in the reseller's posted tank car price at the Port of Albany as published in the Journal of Commerce for the date

of delivery. The submitted bid price shall be firm and not thereafter increased for claimed late payment or other addition.

9. The variable bid price for Propane specified shall be the net cost per gallon to the Town, including delivery into the Town's storage tanks, and shall be based on the Journal of Commerce Oil Price Daily under the heading of Propane – Selkirk, New York posted on ***Tuesday, September 2, 2025***. The bid price shall be subject to increase or decrease during the contract period corresponding with the changes in the reseller's posted tank care price at Selkirk, New York as published in the Journal of Commerce for the date of delivery. The submitted bid price shall be firm and not thereafter increased for claimed late payment or other addition.
10. All fuel shall be delivered on call or by automatic delivery as arranged by the Town (or its subsidiary) and the supplier. Delivery will be required to be made to each of the Town's buildings as listed between the hours of 9:00 a.m. and 4:00 p.m., Monday through Friday, unless otherwise specified directly by the Town or other political subdivision. The amount of fuel delivered must be determined by meter at the time of delivery. Delivery is to be made under the supervision of the Recreation Supervisor and/or Superintendent of Highways, or their designee(s). *Deliveries to the Village of Clayton from April 1st through July 31st must be approved by the Village prior to delivery.* Deliveries to other agencies under this award are to be coordinated between the successful bidder and the agency directly.
11. Invoices for payment for fuel oil delivered must be submitted upon the successful bidder's itemized billing form and be supported by delivery slips. Delivery Tickets must identify, at minimum, the delivery location, gallons pumped, product and price per gallon. Billing will contain no surcharges. Statements, along with copies of invoices, must be submitted to the following:

Town of Clayton, Finance Department, 405 Riverside Drive, Clayton, NY 13624 by the 5th of the month for payment within that month's abstract.
Contacts: Finance: 315-686-6007 Facilities: 315-399-7729

Village of Clayton, 425 Mary Street, Clayton, NY 13624. Phone:
Finance: 315-686-5552 Facilities: 315-686-3631

Clayton Fire District, PO Box 237, Clayton, NY 13624. Phone: 315-921-1891

Thousand Islands Emergency Rescue Service (TIERS), 855 Graves Street, Clayton, NY 13624. Phone: 315-686-4333

12. No charge will be allowed for federal, state, sales and/or excise taxes from which the Town of Clayton is exempt.
13. Bidders are expected to make an on-site inspection of each location where

oil is to be delivered in order to acquaint themselves with the access to the storage tanks and length of hose required to reach fill pipes.

14. Requirements Contract. Bidder acknowledges that the Contract that will be entered into as a result of this solicitation will be a Requirements Contract, and the Town guarantees no minimum or maximum purchases will be made. The Town will have no obligation to the Contractor if no items or services are required. Any quantities which are included are the present expectations for the period of the contract and the Contractor understands and agrees that the Town is under no obligation to the Contractor to buy any amount as a result of having provided this estimate or of having had any normal or otherwise measurable requirement in the past. The bidder further understands that the Town may require services in excess of the estimated annual contract amount and that such excess shall not give rise to any claim for compensation other than at the unit prices in this Contract. This contract is an Indefinite Quantity Contract. All quantities or dollar values listed within these specifications are estimates.
15. Under the provision of Section 103-d of the General Municipal Law, all bids submitted to a political subdivision of the State of New York must contain a Non-collusive Bidding Certification. This certification must be completed on the proper form supplied by the Clerk of the Town of Clayton and must accompany the bid when submitted.
16. Sexual Harassment. By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that the bidder has and has implemented a written policy addressing sexual harassment prevention in the workplace and provides annual sexual harassment prevention training to all of its employees. Such policy shall, at a minimum, meet the requirements of §201-g of the labor law. Where competitive bidding is not required, state departments and agencies may, at their discretion, require the above certification. A model policy and training has been created by the NYS Department of Labor and can be found here: <https://www.ny.gov/programs/combating-sexual-harassment-workplace>

**Town of Clayton
Internal Audits 2025
Audit Report**

To: Town Board

CC: Town Supervisor, Town Clerk

From: Savarah McCargar, Clerk to Supervisor

Subject: Departmental Internal Audits Final Audit Report

The internal audits of each department at the Town of Clayton have recently been completed for FY2023, with the exception of the Town Clerk/Tax Collector and Justice Court as those are receiving independent AUP reviews through a third-party auditor. The internal audits took place on July 14, 2025 through July 28, 2025. The internal audits were conducted in accordance with the standards issued by the Office of the State Comptroller, Division of Local Government and School Accountability and the Office of Court Administration's Justice Court Handbook.

The internal audits were conducted for the purpose of exercising effective oversight of financial accountability.

The audit included, but was not limited to, reviews of the following:

- Cash receipt records and supporting documents.
- Cash disbursement records and supporting documents.
- Bank statements and supporting documents.
- Determinations of accountability.
- Reports to chief fiscal officer or other applicable officials, individuals, entities, or agencies.

The resulting findings and recommendations are summarized as follows:

Summary of findings: There are no significant accountability issues throughout the departments.

Summary of recommendations: As reported in previous years, the Zoning/Codes Office should be provided with a safe to better safeguard their undeposited funds. Although a locked desk drawer and locked office door do afford some protection against theft, that protection is minimal especially when checks are left out on the desk.

Summary of action plans:

- Purchase safe for Zoning/Codes Office for all monies received.

Summary of management response: The Department Heads have had an opportunity to review the internal audit findings and to comment where they differ from previous years, such as through offering suggestions for remediating any noted issues. The details of the findings, recommendations, and action plans are attached to this report. The review indicated that the departments of the Town of Clayton are well managed with generally good controls over their operations. Exceptions include those aforementioned.

Full cooperation was received by the Departments during the audit engagement and access to all documents and personnel needed to complete the audit were provided. These findings were accepted by the Town Board at their regular meeting on _____.

TOWN OF CLAYTON
LOCAL LAW NO. X OF 2025
A LOCAL LAW TO OVERRIDE THE TAX LEVY LIMIT
ESTABLISHED IN GENERAL MUNICIPAL LAW §3-c

BE IT ENACTED by the Town Board of the Town of Clayton as follows:

- Section 1.** **Legislative Intent:** It is the intent of this local law to override the limit on the amount of real property taxes that may be levied by the Town of Clayton pursuant to General Municipal Law §3-c, and to allow the Town of Clayton to adopt a budget for the fiscal year beginning January 1, 2026 and ending December 31, 2026 that requires a real property tax levy in excess of the “tax levy limit” as defined by General Municipal Law §3-c
- Section 2.** **Authority:** This local law is adopted pursuant to subdivision 5 of the General Municipal Law §3-c, which expressly authorizes the Town Board to override the tax levy limit by adoption of a local law approved by a vote of at least sixty (60%) of the Town Board.
- Section 3.** **Tax Levy Limit Override:** The Town Board of the Town of Clayton, County of Jefferson is hereby authorized to adopt a budget for the fiscal year 2026 that requires a real property tax levy in excess of the amount otherwise prescribed in General Municipal Law §3-c.
- Section 4.** **Severability:** If any clause, sentence, paragraph, subdivision, or part of this Local Law or the application thereof to any person, individual, firm or corporation, or circumstance, shall be adjudicated by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgement shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, or part of this Local Law or in its application to the person, individual, firm or corporation or circumstance, directly involved in the controversy in which such judgment or order shall be rendered.
- Section 5.** **Effective date:** This local law shall take effect immediately upon filing with the Secretary of State.
